Request an Inspection

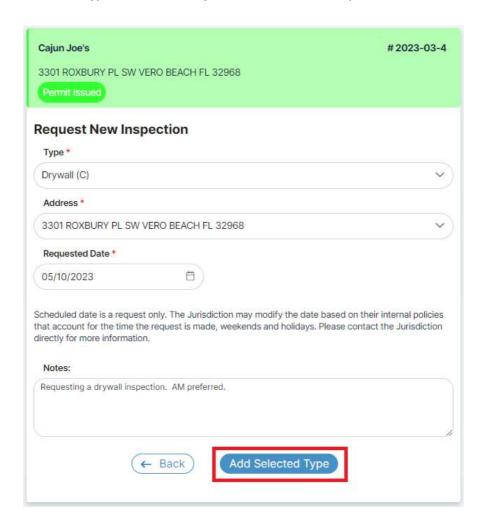

Once you have opened a project, click the 'View Project Tasks & Statuses' option under the 'I Want To' section.

Select the 'New Request' button. This selection will take you to the page where you will select the Inspection Type, Project Address, enter the Requested Date for the Inspection, and Notes.

Click the 'Add Selected Type' button once you've entered the requested details.

Click the 'Submit Request(s) to Jurisdiction' button to complete the inspection request. Note, if you would like to schedule more than one inspection for the same project, select the 'Add Inspection to Request' button to select another inspection type. This action allows you to schedule inspections in bulk before finally clicking the 'Submit Request(s) to Jurisdiction' button.
