

CERTIFICATE OF COMPLETION INSTRUCTIONS

Please review the requirements of the project under the requirements tab of the project at mygovernmentonline.org.

To receive a Certificate of Completion, all inspections must be completed/passed, all associated permits to the project such as fire sprinkler, fire alarm, signs, irrigation, etc. are in closed status, and all required documents are submitted to the appropriate department. Once the appropriate department receives their required documents, then department staff will check off the requirement on the building permits requirements list. Please note: all planning, landscaping, and engineering final walk throughs must be completed prior to any building finals.

See Checklist for all required documents from planning, landscaping, and engineering.

Do not upload the required documents for planning, landscaping, and engineering directly to the building permit project files. Please email the required documents to the appropriate contact listed on the check list. Please reference the site development plan number, the building permit number, and address with all correspondence.

It is very important to submit all required documents to planning, landscaping, and engineering as soon as they become available to avoid delays in issuing certificate of occupancies for any tenant finish outs.

Please note:

- A certificate of occupancy will not be issued for any tenant finish outs until a certificate of completion has been issued for a new commercial shell building.
- The issuance of a certificate of completion does not grant a certificate of occupancy for any tenant or business to open to the public. Each tenant must complete their permit requirements and receive a certificate of occupancy prior to opening the business to the public.

Items included in this packet:

- Checklist for a Certificate of Completion
- Fire Final Checklist
- Maintenance Bond Form -do not upload to building permit files
- Landscape Certificate of Compliance Form - do not upload to building permit files
- Certificate of Completion Form
- Directions to apply for a Certificate of Completion online at www.mgoconnect.org
- City Staff contact phone and email list
- Directions to view the inspection sequence and requirements of the project online at www.mgoconnect.org

City of Georgetown
Certificate of Occupancy/Certificate of Completion Checklist
for Planning, Landscape, Engineering and Fire

BUILDING INSPECTIONS

- GC applies for CO online at www.mgoconnect.org with certificate of occupancy application.
- All building inspections complete – SEE REQUIREMENTS TAB OF PERMIT FOR LIST OF ALL REQUIRED INSPECTIONS Via www.mgoconnect.org
- All Associated permits may include: Site Development Plan, Fire Permits, Sign Permits, Swimming Pool Permits, Irrigation, etc. in closed status

PRIOR TO PLANNING, LANDSCAPING, AND ENGINEERING FINAL SITE INSPECTIONS THE FOLLOWING MUST BE COMPLETED:

1. Site Inspections should not be requested until record drawings and/or Certificates of No Change have been submitted as detailed below:
2. Record drawings should be emailed to the Planning Department (planning@georgetown.org) and show any changes to the built product from the approved SDP. This will allow staff to review changes & determine if a revision to the Site Development Plan is necessary according to UDC Sec 3.09.080.
 - a. Drawings should be in the form of a **full plan set**.
 - I. Plan set should include the approved Site Development Plan with record drawings (engineering, elevations, and landscaping) inserted.
 - b. Please cloud changes made from the approved Site Development Plan to indicate to staff what changes have been made.
 - c. A letter signed and sealed by engineer outlining changes should be submitted as well.
 - d. Please include the building permit number and approved site development case number in the subject line.
3. If there are no changes from the approved Site Development Plan, no record drawings are required, and the site inspection will be reviewed against the original approved site development plan set.
 - a. **If this is the case and no changes have been made from the Site Development Plan, you will need to submit an engineer or architect signed and sealed Certificate of No Change. If no changes have been made to landscaping, please submit a Landscape Certificate of Compliance.**

PLANNING SITE DEVELOPMENT INSPECTION CHECKLIST

- Record Drawings submitted as indicated above
- Request Planning Final Site Walk Through five (5) days in advance via www.mgoconnect.org through the building permit. Planning site walk throughs are only done on Mondays or Fridays once Record Drawings are submitted and reviewed.
- Number of parking spaces, driveway design, drive thru stacking
- ADA parking spaces (painted and signed)
- Outside lighting: wall packs, parking lot lights (Light source shielded from view of ROW & adjacent property)
- Mechanical equipment: roof, ground, wall (screened from view from ROW or adjacent property including AC units, wall meters and roof vents)
- Dumpster enclosure (height exceeds container, materials, gates: opaque)
- Building materials, color, entryways and entrance treatments
- Articulation, design elements/architectural features, dimensions, and setbacks
- All plantings (trees, shrubs, etc) installed as identified in the Landscape Plan, including all required bufferyards & screening areas
- Irrigation installed / Grass or hydro mulch, mulching of planting beds
- Fencing provided, if proposed
- Special provisions per approved site development plan notes.

LANDSCAPING SITE DEVELOPMENT INSPECTION CHECKLIST

- Request the Landscape Inspection via www.mgoconnect.org through the building permit five (5) days advance. Landscaping inspections are only done on Mondays and Fridays once Record Drawings are submitted and reviewed.
- Verify all required preserved trees are on site.
- Verify all required plantings have been installed per approved plans & are in good health.
- If there is a discrepancy, an updated landscape plan and additional tree mitigation will be required.
- Contact trees@georgetown.org or call (512) 930-3575 press 3 for an

ENGINEER DEPARTMENT SITE DEVELOPMENT INSPECTION CHECKLIST:

- Request the Final Engineering Site walk through once record drawings and letter of concurrence have been submitted as stated above through planning@georgetown.org
- Detention/Water Quality ponds operational/accepted
- Sidewalk installation
- Access connections provided for access easements
- Special provisions per Site Development Plan Notes
- Two year maintenance bond and engineers estimate
- Contact engineering@georgetown.org for questions

FIRE FINAL CHECKLIST

- All associated fire permits such as fire alarm, fire sprinkler permits in closed status.

Fire Final Checklist

Maintenance Bond (General)

Date: _____

Bond No. _____

Penal Sum: \$ _____

Subdivision: _____

Obligee:

City of Georgetown
Chief Financial Officer
808 Martin Luther King Jr. St.
Georgetown, Texas 78626

Principal/ Subdivider:

Surety:

KNOW BY ALL MEN THESE PRESENTS:

That, _____ (“**Principal**”) as Principal, and _____ (“**Surety**”) as Surety, are held and firmly bound unto the City of Georgetown, Texas (“**Obligee**”) as Obligee, in the amount of _____ Dollars (\$_____) for the payment whereof, the said Principal and Surety bind themselves and their heirs, administrators, executors, successors and assigns, jointly and severally, firmly by these presents.

WHEREAS, Principal and Obligee entered into a Public Improvements Construction Agreement providing for the design and construction of certain public improvements (“**Public Improvements**”). A copy of the Public Improvements Construction Agreement is attached and incorporated by reference; and

WHEREAS, Principal has designed and constructed the Public Improvements and the Public Improvements have been accepted by Obligee; and

WHEREAS, Owner/Developer is required to furnish a written guarantee that the Public Improvements will be free of defects in workmanship and materials for a period of two years from the date of acceptance; and

WHEREAS, this Bond is issued pursuant to the Public Improvements Construction Agreement in the amount of ten percent (10%) of the total construction costs for the Public Improvements.

NOW, THEREFORE, the condition of this obligation is such that:

1. If the Principal corrects all defects in materials or workmanship, and keeps the Public Improvements free of defects in workmanship and materials for a period of two years from and after the date of acceptance of the Public Improvements by Obligee, then the above obligation to be void; otherwise to remain in full force and effect.

2. If the Principal shall be declared by Obligee to be in default of its maintenance obligations under the Public Improvements Construction Agreement Surety shall, within thirty (30) days following written notice of default and request for performance from Obligee:
 - (a) Notify Obligee in writing of its election to correct all defects and workmanship in the Public Improvements in accordance with the Public Improvements Construction Agreement and shall commence and complete construction, re-construction, replacement, repair or maintenance of the Public Improvements as required by the Public Improvements Construction Agreement; or
 - (b) Notify Obligee in writing that Surety elects not to complete, re-construct, replace, repair, or maintain the Public Improvements. If the Surety fails to give such written notice, then it will be deemed to have elected not to complete, re-construct, replace, repair, or maintain the Public Improvements. In either event, Surety shall be obligated to pay Obligee for all loss, cost and expense which the Obligee incurs to correct all defects and workmanship in the Public Improvements in accordance with the Public Improvements Construction Agreement.
3. In the event that Surety elects to proceed under 2(a) above, the contractor selected by Surety to perform such work shall be approved by Obligee, which approval shall not be unreasonably withheld.
4. The Surety, for value received, stipulates and agrees that no amendment or modification to the Public Improvements Construction Agreement, including but not limited to extensions of time, shall in any way affect Surety's obligation on this Bond, and Surety does hereby waive notice of any such amendment or modification.

IN WITNESS WHEREOF, the Principal and Surety sign and seal this instrument this _____ day of _____, 20_____.

LANDSCAPE CERTIFICATE OF COMPLIANCE

(For use by Contractor and/or Landscape Architect and the Owner)

Name of Project (As Submitted on Approved Site Plan): _____

Project Case Number: _____ Project Address: _____

Applicant's Name & Company: _____

Applicant's Address: _____ State: _____ Zip: _____

Applicant's Phone Number: _____ Email Address: _____

(Check whichever box is applicable)

- ☐ The site is complete and ready for final landscape inspection, approval, and issuance of a Certificate of Occupancy. (Verification of the final cost of landscaping must be submitted with this certificate. e.g. invoice from landscaping firm, copy of contract, bill of sale from where plant materials were purchased). *See bottom of page if landscape is incomplete.*

GENERAL CONTRACTOR OF LANDSCAPE ARCHITECT

As the contractor for said development, or as the Landscape Architect of the said development, I represent that the landscaping has been installed in substantial compliance with the approved Landscape Plan and with the landscaping requirements of the Zoning Ordinance. I personally inspected the said project location and verify that the plantings are correct as to their location, size, number and species. All approved and required planting yards, parking lot plantings, buffer zones, mitigation requirements, and irrigation systems are in full compliance and do not violate the City of Georgetown Unified Development Code requirements.

Signature of General Contractor or
Landscape Architect

Project Name

Printed Name

Relation to Development (Contractor or RLA)

OWNER

As the owner of said development, I represent that I or my legal representative have personally inspected the property as of and have reviewed this Certificate after completion by my contractor or landscape installer and I join in all its representation.

Signature of Owner

Printed Name and Date

- ☐ The site is not complete. The approved landscaping has not been installed or has been partially installed. I am requesting the issuance of a Temporary Certificate of Occupancy. The approved landscape plan is incomplete as follows.

I estimate the cost of the landscaping still to be completed, including labor costs, to be \$ _____
and the completion date of the project to be _____.

City of Georgetown Building Permits & Inspections
Certificate of Occupancy / Certificate of Completion (Shell Bldg)

All Forms must be completed. Once complete, apply for a Certificate of Occupancy under the main Building Permit Number at www.mgoconnect.org w/forms. Building Final, Fire Final, Site Development Walk-through Inspections, and all other related permits must be completed before any Certificate of Occupancy will be issued.

View the Tasks List for a Project

Once you have opened a project, click the 'View Project Tasks & Statuses' option under the 'I Want To' section.

The screenshot shows the 'Overview' tab of a project page for 'Cajun Joe's'. The project status is 'Permit Issued' and the ID is '# 2023-03-4'. The address is '3301 ROXBURY PL SW VERO BEACH FL 32968' and the jurisdiction is 'Indian River County, FL'. The project was created on '03/16/2023' and last updated on '04/12/2023'. A map on the right shows the location. Under the 'I Want To...' section, there are four options: 'Pay Fees & Print Receipts', 'Print Permits', 'View Project Tasks & Statuses' (highlighted with a red arrow), and 'Communication with Jurisdiction'.

In the next screen, click the 'Requirements' tab.

The screenshot shows the 'Tasks' tab of the project page. The 'Project Status' is 'Permit Issued' and the ID is '# 2023-03-4'. There are two tabs: 'Inspections' and 'Requirements' (highlighted with a red arrow). The 'Inspections' section is titled 'Pending Inspections' and has a 'New Request' button. It lists two inspections: 'Aluminum InFill (C)' and 'Columns (C)'. Each inspection has a 'New' button, a 'Work Order Request Date', an 'Assigned Inspector', and a 'Call' button.

Inspection	Work Order Request Date	Assigned Inspector	Action
Aluminum InFill (C) New	03/31/2023 12:00 AM	Richie W. Schofield	Call
Columns (C) New	04/19/2023 12:00 AM	Shawn Doutrich	Call

The 'Requirements' tab is designed to present the project workflow which is made up of tasks that are necessary for completion to advance the project further. The workflow is separated into 'Stages' which indicates the tasks that must be completed before moving on to the tasks in the next stage. Two view options are available:

- **Expand Current Stage** – This view focuses the workflow on the current stage of the project.
- **Expand All Requirements** – This view expands the entire workflow, providing insight into tasks that are currently awaiting completion, as well as what to expect and prepare for in future stages.
